Brandon,

If you need the EPA R6 Wetlands Program to join any of the meetings, you have my contact info. If so, I will attempt to join as schedule allows. You should also have contact info for Laura Hunt (Superfund) and Wendy Jacques (ODMDS) for those specific needs as well.

Hope all is well,

Paul Kaspar

Good Morning Brandon.

Do you mean biweekly meetings every month?

First Wednesdays of each month were previously used by regulatory to hold JEMS on 404 permits but there has not been many this past year. However, first and third Wednesdays at 10-11 work best for Service. Fridays are reserved for other appointments or field work. Tuesdays in June are totally booked.

Best regards, Jan

**This email has been received from outside of DOI - Use caution before clicking on links, opening attachments, or responding.**

Good afternoon,

I am setting up future ICT meetings for the Matagorda Ship Channel Improvement project and I need your availability for the potential meeting times.

I know that everyone has a very busy schedule this year, so I would like to have a set, reoccurring bi-monthly meeting time that will make planning coordination easier on everyone. Please respond with what days and time slots work best for you.

These will be 1 hour meeting time slots in either the morning or afternoon and will be held as needed.

1<sup>st</sup> and 3<sup>rd</sup> Wednesday of each month  
10:00 – 11:00 AM or 4:00 – 5:00 PM

1<sup>st</sup> and 3<sup>rd</sup> Friday of each month  
10:00 - 11:00 / 11:00 – 12:00 AM or 2:00 – 3:00 / 3:00 – 4:00 PM

2<sup>nd</sup> and 4<sup>th</sup> Tuesday of each month  
3:00 – 4:00 or 4:00 – 5:00 PM

Respectfully,

Christopher (Brandon) Ford
